

The COVID-19 pandemic is impacting the lives of our customers, communities and neighbors. Given the serious and rapidly-changing nature of this situation, the most important concern for Honda Power Equipment is the health and safety of our customers, dealers, and employees.

Beyond the most important need to stay healthy, we know that many are also experiencing financial stresses. Honda is here to help.

If you're a Honda Financial Services Account Holder:

- **Available Hardship Help:** Payment extensions and deferrals, as well as late fee waivers are available. For more information, please visit [HondaFinancialServices.com](https://www.hondafinancialservices.com). *We appreciate your patience as we are experiencing high call volumes.*

If your Honda Marine outboard requires **repair** or **maintenance**:

- Many states recognize transportation as an essential service. For this reason, many Honda Marine dealers remain open. However, given the rapidly changing situation, we recommend contacting your dealer before visiting to verify their status.

We hope you'll join us in protecting the health of our families and communities by following the advice of the Centers for Disease Control (CDC) and your local health authorities.

Together we will make it through these challenging times.

Stay safe,

Honda Marine
